

## **Need to change the level of Federal Withholding Tax on your monthly pension?**

Each year the State Street Bank mails our retirees a notification that they may file a revised Form W-4P to change the amount withheld from their monthly pension checks for Federal Tax purposes. Should you misplace the form you receive in the mail or simply want or need to revise the amount withheld at any time, you need only complete and sign a W-4P and send it to our office. To facilitate that process, and to save you from having to go through numerous screens to download a form from the IRS website, we have placed a W-4P in the forms section of our website. To retrieve one for yourself, return to our home page, go to "Forms" and scroll down the list until you come to W-4P.
